Hydrobiologia

The International Journal on Limnology and Marine Sciences

Volume 486, 15 October 2002

Special Issue

Studies on Large Branchiopod Biology

4

Guest Editors

A.M. Maeda-Martínez, B.V. Timms, D.C. Rogers, F.A. Abreu-Grobois & G. Murugan

Preface
Alejandro M. Maeda-Martínez, Gopal Murugan xiii

MORPHOLOGY AND DEVELOPMENT

The amplexial morphology of selected Anostraca
D. Christopher Rogers 1–18

Unusual sensory setae of the raptorial *Branchinecta gigas* (Branchiopoda: Anostraca)
Michel A. Boudrias, Jammieson Pires 19–27

Morphology and biometry of three populations of *Artemia* (Branchiopoda: Anostraca) from the Dominican Republic and Puerto Rico
Robert J. Mayer 29–38

SEM investigations of the larval development of *Imnadia yeyetta* and *Leptestheria dahalacensis* (Crustacea: Branchiopoda: Spinicaudata)
Erich Eder 39–47

SYSTEMATICS AND REGIONAL FAUNAS

A confusing trio of *Branchinecta* (Crustacea: Anostraca) from the western North America with a description of a new species
Denton Belk, D. Christopher Rogers 49–55

A morphological re-evaluation of the anostracan families Linderiellidae and Polyartemiidae, with a redescription of the linderiellid *Dexteria floridana* (Dexter 1956) (Crustacea: Branchiopoda)
D. Christopher Rogers 57–61

First record of the family Thamnocephalidae (Crustacea: Anostraca) from Southeast Asia and description of a new species of *Branchinella*
La-orsri Sanoamuang, Nukul Saengphan, Gopal Murugan 63–69

The fairy shrimp genus *Branchinella* Sayce (Crustacea: Anostraca: Thamnocephalidae) in Western Australia, including a description of four new species
Brian V. Timms 71–89

Description of a new subgenus and a new species of *Thamnocephalus* (Crustacea: Branchiopoda, Anostraca) from the Salinas Grandes Basin, Córdoba Province, Argentina
Rosa Graciela Cohen 91–100

Molecular characterization of the tadpole shrimp *Triops* (Branchiopoda: Notostraca) from the Baja California Peninsula, México: New insights on species diversity and phylogeny of the genus
Gopal Murugan, Alejandro M. Maeda-Martínez, Hortencia Obregón-Barboza, Norma Y. Hernández-Saavedra 101–113

Survey of large branchiopods on Aruba and observations on taxonomic characters in *Leptestheria* (Spinicaudata)
Denton Belk, Mary Schug Belk, K.A.L. Reading 115–118

The large branchiopods (Anostraca, Notostraca and Spinicaudata) of Numidia (Algeria)
Boudjéma Samraoui, H.J. Dumont 119–123

Female-based characters for anostracan (Crustacea: Branchiopoda) identification: A key for species of California and Oregon, USA
D. Christopher Rogers 125–132

Distributional survey of large branchiopods of rice paddies in Shiga Prefecture, Japan: a Lake Biwa museum project based on lay amateur participation
Mark J. Grygier, Yasushi Kusuoka, Miyoshi Ida, Lake Biwa Museum Field Reporters 133–146

ECOLOGY AND AQUACULTURE

Temporary pools are not 'enemy-free'
Luc Brendonck, Erik Michels, Luc De Meester, Bruce Riddoch 147–159

Cyst ornamentation in aquatic invertebrates: a defence against egg-predation
Henri J. Dumont, S. Nandini, S.S.S. Sarma 161–167

Studies on functional response and prey selection using zooplankton in the anostracan *Chirocephalus diaphanus* Prevost, 1803
S.S.S. Sarma, S. Nandini 169–174

Population dynamics of *Triops cancriformis* (Crustacea: Branchiopoda: Notostraca) of the Espolla temporary pond in the northeastern Iberian peninsula
Dani Boix, Jordi Sala, Ramon Moreno-Amich 175–183

Ecological observations and biomass proximate composition of the brine shrimp *Artemia* (Crustacea: Anostraca) from Pichilingue, Baja California Sur, México
Ludwig C.A. Naegel, Sonia Rodríguez-A. 185–190

Crustacean assemblage and environmental characteristics of a man-made solar saltwork in southern France, with emphasis on anostracan (Branchiopoda) population dynamics
Alain Thiéry, Ludovic Puente 191–200

The co-occurrence of *Artemia parthenogenetica* and *Branchinella spinosa* (Branchiopoda: Anostraca) in a saline pond of south eastern Italy
S. Moscatello, G. Belmonte, G. Mura 201–206

On the Spinicaudata (Branchiopoda) from Lake Cuitzeo, Michoacán, México: First report of a clam shrimp fishery
María Araceli Martínez-Pantoja, Javier Alcocer, Alejandro M. Maeda-Martínez 207–213

Survey of aquatic macroinvertebrates and amphibians at Wupatki National Monument, Arizona, USA: An evaluation of selected factors affecting species richness in ephemeral pools
Tim. B. Graham 215–224

Biogeography and ecology of Anostraca (Crustacea) in middle Paroo catchment of the Australian arid-zone
Brian V. Timms, Peter R. Sanders 225–238

A preliminary analysis of the conchostracans (Crustacea: Spinicaudata and Laevicaudata) of the middle Paroo catchment of the Australian arid-zone
Brian V. Timms, Stefan Richter 239–247

Rice bran as a diet for culturing *Streptocephalus proboscideus* (Crustacea: Anostraca)
A. Jawahar Ali, Henri J. Dumont 249–254

Assessing anostracan (Crustacea: Branchiopoda) cyst bank size: An attempt at a standardized method
C. Maffei, G. Mura, P. Zarattini 255–261

REPRODUCTION

A survey of the reproductive biology in Italian branchiopods *Part A. The female gonad of* Limnadia lenticularis *(Linnaeus, 1761) (Spinicaudata) and* Lepidurus apus lubbocki *Brauer, 1873 (Notostraca)*
Franca Scanabissi, Corrado Mondini 263–272

A survey of the reproductive biology in Italian branchiopods *Part B. The male gonad of* Lepidurus apus lubbocki *Brauer, 1873 (Notostraca)*
Franca Scanabissi, Corrado Mondini 273–278

Reproductive and brood cycles of *Artemia persimilis* Piccinelli & Prosdocimi from Colorada Chica Lake (Province of La Pampa, República Argentina), under laboratory conditions
Ximena Inés Pastorino, Enrique Marschoff, Rosa Graciela Cohen 279–288

Cyst development in the conchostracan shrimp, *Eulimnadia texana* (Crustacea: Spinicaudata)
Stephen C. Weeks, Vivien Marcus, Ronald L. Salisbury, Donald W. Ott 289–294

GENETICS AND PHYSIOLOGY

A genetic comparison of two species of clam shrimp in the genus *Eulimnadia*: An electrophoretic approach
Stephen C. Weeks, R. Joel Duff 295–302

Cytogenetic variability and differentiation in *Artemia* (Branchiopoda: Anostraca) populations from the Yucatán Peninsula, México
Laura Torrentera, F. Alberto Abreu-Grobois 303–314

A preliminary study in the use of RAPD markers in detecting genetic differences in hatching patterns of *Chirocephalus diaphanus* Prévost, 1803 (Crustacea: Anostraca)
P. Zarattini, V. Rossi, B. Mantovani, G. Mura 315–323

Immunocytochemical identification of crustacean hyperglycemic hormone-producing cells in the brain of a freshwater fairy shrimp, *Streptocephalus dichotomus* Baird (Crustacea: Anostraca)
M. Nithya, N. Munuswamy 325–333

Author index 335
